

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jgo-20-209	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The outcomes of liver transplantation for intrahepatic cholangiocarcinoma
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the outcome date may be updated over time.
7	To whom will you share the data?	Liver transplant doctors who are interested in liver transplantation for intrahepatic cholangiocarcinoma
8	For what type of analysis or purpose?	A model for predicting post-liver transplantation recurrence in intrahepatic cholangiocarcinoma recipients
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: renao@mail2.sysu.edu.cn.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
