

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/igo-20-430	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	If requested, the confocal images will be shared along with the corresponding endoscopic and biopsy data.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and other documents can be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Within two years of the publication date.
7	To whom will you share the data?	Clinicians who are interested in the use of confocal endomicroscopy for the study of early, or hereditary, gastric cancer.
8	For what type of analysis or purpose?	For the analysis of image interpretation.
9	How or where can the data/documents be obtained?	Emails should be sent to the following address: jeremy.davis@nih.gov
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that is able to be shared in accordance with our institution's guidance on data sharing.
